THE HAWAIIAN ELECTRIC CO., LTD.,
Honolulu, T. H.

Gentlemen: For nearly two months the one hundred horse-power Westinghouse motor which you furnished this Company has been working at our rock-crushing plant at Palihi. It is giving entire satisfaction and our only regret is that we did not install it before. We are able now to deliver more crushed rock and sand than ever before, and at lower prices.

It is cheaper, being more efficient, always ready for work, no breakdowns, no lost time and no parts to wear out as in our previous plant where gasoline engines were used.

Sincerely yours,

Hustace, Peck & Co., Ltd.

SIMPLY LIGHT AND
INSERT TUBE

Warmer does the rest

The Welkom Warmer

Size 3 1/2 x 5 1/2 inches, weight 4 1/2 oz.

The only modern, safe, effective and

convenient substitute for the antiquated

Hot Water Bag.

No water to heat—no rubber to rot.

Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a flammable, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, banishes the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have sold—not a single complaint.

Complete outfit including Warmer, belt, case and 10 tubes of fuel sent prepaid to any part of the U. S. on receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

**FERNANDEZ TALK
WAS SHOCKING**

A Filipino, who lays claim to having been a leader of "the oppressed" while a resident of Manila, and now finds himself a dweller in Honolulu, became involved with the police department, the charge being that he used language entirely unbecoming a Filipino gentleman.

In a discussion of poker, politics, patriotism or pote, one Fernandez, became mixed up with several countrymen. The affair started with a cock-fight running at full blast.

The officers of the law swooped down upon the scene at a time that the Filipino was creating decided disturbance to the atmosphere. Residents were prone to seek a purer atmosphere before the flow of speech language was stopped.

A nominal fine was imposed and the defendant advised to go forth and sin no more or rather treat his speech to disinterested before turning it loose upon a defenseless public.

ROCK PRODUCTS

STEAM is the only reliable power for a large Rock Crushing Plant and we have it. Experience proved to us the folly of installing a power that was unreliable and expensive, and because electricity appeared to us to be three times the cost of Steam, a cost which is paid by the consumer of the product of the plant, no matter what it may be, we settled upon Steam, and we are, therefore, enabled to deliver Rock at a satisfactory price, in passing, let us remark that ours is the only product on this Island fit for concrete work.

The fact that we are

FILLING CONTRACTS FOR THE UNITED STATES GOVERNMENT at Pearl Harbor and Fort Shafter may be taken as the highest evidence of the quality of the Crushed Rock we sell to our customers. We have Steam Power, Diesel Power, and your order for any quantity of Numbers 9, 9 1/2 or 10 Rock will have prompt attention.

WE ALSO PROVIDE SOIL FOR FILLING PONDS AND LOW LAND. WE GUARANTEE QUICK DELIVERY OF ANYTHING WE SEND.
